

Marley Capraro

Councillor candidate

" I moved to Rocky Mtn House 21 years ago fresh out of high school with the intention of staying only one year. I fell so in love with not only Rocky and the region, but also my partner and now we happily raise our three children here. I'm a local Realtor as well and have a very good understanding of what it is people look for in a community when they are looking to relocate. Jobs, affordability, housing, recreation facilities etc. there is a lot to consider!

I have served one term on council and it's taught me a lot! It is a hard but fulfilling job. My main focus for this next term would be to continue the momentum with growing our tax base, creating incentives that will make Rocky a place people will want to invest in. I'm a soccer mom and I'm going full tilt with advocating for new soccer pitches on town owned land, that the town maintains that we can be proud of! I also want to see plans put in place for the very needed field house. Kids and adults should have access to year round facilities where they can play their favourite sports or just stay active. Housing is another thing we need to focus on and I think there are some good options to ensure we have room for growth for years to come.

I would very much appreciate being re-elected for this upcoming term. I have so many ideas and I feel I can continue to bring important items forward and help keep moving this town forward.

We have great momentum going!

Thank you!!

Warmest Regards,
Marley Capraro
